

Cookie Joy Standard Mixes

All mixes come in 1000ml jars and make 24+ cookies.

🌀 White Chocolate & Cranberry Cookie Mix \$17.99

This was the first Christmas cookie mix that we made and it's still one of our favourites. We've improved our original recipe with the addition of native forest berry herb. We make batches of these lovely cookies whenever we crave the wonderful contrast of creamy white chocolate and tangy cranberry. Yum!

🌀 Polka Dot Chocolate Chip Cookie Mix \$17.99

A favourite with children as well as grown-ups, these buttery cookies include brightly coloured candy-coated chocolate drops. Hard to stop at one cookie with these, and they smell divine coming out of the oven!

🌀 Double Chocolate Chip Cookie Mix \$17.99

This classic chocolate chip cookie mix uses semi-sweet chocolate chips together with rich cocoa powder and a touch of bush spice (cinnamon myrtle). It bakes into a very moreish cookie with a chewy centre. Available in

- Regular
- With nuts (pecans)
- With native pepperberry (bush spice)

🌀 Muesli Cookie & Slice Mix \$17.99

For those who prefer a healthier treat this cookie mix is perfect. Rolled oats and shredded coconut are complemented with a mix of apricots, cranberries, almonds and seeds. Add honey, butter and an egg and either make into cookies, or press into a lamington tin for slice.

Cookie Joy Vegan and Gluten-Free Mixes

These mixes use gluten- and dairy-free products but may contain traces of allergens as they are made in a shared kitchen.

🌀 Vegan Chocolate Chip Cookie Mix (DF, GF) \$19.99

This mix has proven to be one of our most popular with vegans and non-vegans alike. That's probably because the cookie it produces is so moist and delectable that it appeals to everyone. Contains cacao nibs and bush spice (cinnamon myrtle) to add a special touch.

🌀 Vegan Coconut Drops Cookie Mix (DF, GF) \$19.99

This mix bakes into tasty drops of goodness that are moist and very moreish. Most of the mix is made up of shredded and desiccated coconut, and we've added chopped cranberries, pistachios and wattleseed for texture and flavour.

🌀 Cornflake Cookie Mix (GF) \$19.99

This simple cookie mix is made with buckwheat flour and gluten-free cornflakes and has a chewy consistency. Even people without dietary requirements love this cookie, and it is fabulous to use for making icecream sandwiches!

🌀 Festive Panforte Cake Mix (V, GF) \$19.99

The recipe is based on a traditional Italian treat with a bush food twist as it also includes native pepperberry, lemon myrtle and forest berry herb. This cake bakes within 25-30 minutes. The end product is a dense, moist cake that's delicious with coffee, or an after dinner liqueur. Once baked panforte will keep in the fridge for up to four weeks.

Current Product List 2019

Cookie Joy to the World is a Canberra-based small business that specialises in beautifully packaged, delicious cookie and slice mixes that you can bake at home. Many of our products include native bush herbs and spices, most of which are locally sourced.

Our mixes make baking easy – all you need to add is a few wet ingredients to bind the mix, and you can have freshly-baked cookies on hand in less than 30 minutes.

Our products are shelf-stable and can be stored in the pantry for several months. Once you make the cookie dough it can be stored in the fridge for a week or frozen for up to six months.

Our handmade Cookie Joy products are a lovely treat for you and your family, and also make fantastic gifts.
